

TECHNOLOGY – RESHAPING
THE FUTURE OF BUSINESS

ANNUAL GENERAL MEETING 28 APRIL 2023

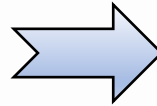

Forward – Looking Statements

As a reminder, we will be presenting certain forward – looking statements in this meeting that are based on management's current expectations and views regarding future events are subject to uncertainties and changes in circumstances.

FY2022 – Exceptional Achievements

Solid performance and key corporate milestones were achieved in an exceptional year.

- ✓ Disposed highly risky and unprofitable oil and gas business on 22 August 2022.
- ✓ Undertook 1.66 billion ordinary shares cum warrants placement exercise with total proceeds amounting to S\$16.6 million on 1 September 2022.
- ✓ Resumed trading on the mainboard of SGX-ST on 6 September 2022.
- ✓ Entered into an agreement to dispose logistics business in Indonesia on 31 December 2022. The completed disposal on 14 February 2023 allowed us to focus on new investments that can generate higher profitability and better returns for the Group.

FY2023 - A New Chapter For Eneco Energy Limited

Transformation Strategy:

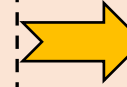

Top Priorities

Reposition for Growth

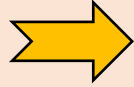

Core Logistics Business

- Well positioned to deliver revenue growth with new project wins.
- Optimise operations and minimise costs.

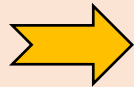

- Increase profitability and shareholders' value.
- Achieve larger market capitalisation.
- Exit the Watch-List.

Merger and Acquisition

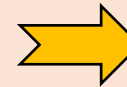

- Inorganic growth to our core logistics business.
- New investments to open up new markets.

Environmental, Social and Governance (ESG)

- Launched 1st batch of Electric Vehicles in 2022.

- Gear towards Go-Green targets.

Thank you.
