Strategic Priorities Driving Long Term Growth

- 1** **Resilient Business Model** and **REVO Technology** are well positioned for revenue, profitability growth and margin expansion.
- 2** **Flexible Balance Sheet** with **strong cash flow generation** to expand our core logistics business and explore new business opportunities.
- 3** **Onboarding new customers** as we strengthen our presence in Singapore as a **leading logistics solutions provider** through customer satisfaction and testament.
- 4** Continue to drive **positive financial performance** in achieving a **larger market capitalisation** so as to exit the Watch-List from SGX-ST.

Thank you.
